21st MANX KART GRAND PRIX
THE 'MINI-MONACO' - PEEL, ISLE OF MAN - 19-22 JULY 06

21st MANX KART GRAND PRIX

THE 'MINI-MONACO' - PEEL, ISLE OF MAN - 19-22 JULY 06

In May 1985 the Isle of Man Kart Racing Association organised a kart race meeting on a 1.25 mile long road circuit around the streets of Peel, the Cathedral City on the west coast of the Isle of Man. It was a one day meeting with practice at 6.30am(!), and racing in the afternoon and evening.

It rained all day, it was cold and windy, but every competitor finished that day with a smile on their face, an unforgettable memory, and voted the 'Mini-Monaco' race as the best race event for karts in the British Isles.

Since then, the event has grown in stature and importance, being named the Manx Kart Grand Prix three years later.

This unique kart race meeting offers a superb and challenging round-the-houses road circuit, backed by the traditional hospitality and friendly welcome from the people of Peel and the host organising club.

And what a challenge! Police radar (friendly) recorded speeds of 100mph on parts of the course, with the best lap times of 1 minute 3 seconds (an average of 70mph) around a circuit combining fast downhill straights with every variety of quick and slow corners. No wonder nearly all our competitors try and come back every year to face a real mens' (and ladies!) challenge.

So once again, and by popular demand, the Manx Kart Grand Prix will be held this year from 19th - 22nd July 2006, again supported by the Special Events Unit, Department of Tourism and Leisure.
